MEMORANDUM FOR: Chief, Management Staff

SUBJECT : Name Check Programs in Records Integration Division, FI Staff, Office of the Deputy Director (Plans)

REFERENCE : Staff Study to DD/S dated 23 Apr 56 fr C/MS, same subject

1. The referenced staff study recommended, among other things, that:

"The temporary loan of 25 employees to RI Division until 30 June 1956 to expedite the [redacted] be extended until the total backlog is reduced to a five (5) day load (approximately 30 October 1956).

25X1A

"The allocation of the original [redacted] employees on the RI Division T/O for the [redacted] program be extended until the total backlog is reduced to a five (5) day load (approximately 30 October 1956)."

25X9A2
25X1A

2. I recently learned informally that the Records Integration Division anticipates the need of these additional employees at least until the first of the year and possibly longer. It is my understanding that the [redacted] Program expires the end of this year but that considerable clean-up work may be required after the expiration date.

25X1A

3. In view of this situation I believe it desirable that the study proposed in recommendation 6e of the referenced staff study be completed and forwarded to this Office as soon after 1 October as possible and, in no event, not later than 15 October. Several offices who have loaned personnel to Registry are planning on their return at the end of October and if their detail is to be extended we should give the Office concerned as much advance notice as possible.
